

# MOAR GUT

GROSSARL, AUSTRIA  
[niche-traveller.com](http://niche-traveller.com)

Sophisticated and sustainable luxury for the whole family - Moar Gut resort in the Austrian Alps offers everything for a relaxing and unforgettable holiday with children

Family-friendly at the highest level: only 46 rooms and suites, a large spa with swimming pool, ice bath and various saunas, a fitness club, spacious indoor play areas, a riding school and a completely plastic-free children's club with free childcare for babies as young as one month - at Moar Gut, family comes first

A carefree holiday, that is the claim at Moar Gut: in winter, the in-house ski rental ensures this. At the children's lift directly at the resort, a ski instructor takes care of the beginners. A private shuttle takes advanced skiers to the nearby Großarl ski area
